

EBARRIER

Safety Fencing & Barriers

Physical separation for safer workplaces

EBARRIER provides practical safety fencing, walkway barriers and pedestrian gates to help separate people from moving vehicles, machinery and hazardous work areas.

From warehouse walkways to factory exclusion zones, EBARRIER helps establish clear boundaries, manage pedestrian access and reduce the risk of workplace incidents while keeping daily operations moving.

EBARRIER Solutions

Meshed Safety Fencing

Physical fencing for separating pedestrians from machinery, vehicle operating areas and other workplace hazards.

Suitable for establishing exclusion zones and restricting access to designated work areas.

Post & Rail Walkway Fencing

Defines pedestrian walkways and provides physical separation from forklifts and other vehicles.

Available with conventional barriers and polymer crash-rated options to suit site requirements.

Push Gates

Pedestrian access gates for designated crossing points and restricted work areas.

Suitable for use alongside other Ezetech Traffic & Separation solutions, including ETAS-controlled access arrangements where specified.

Key Benefits

- **Physical separation** - Helps keep pedestrians and moving equipment apart.
- **Defined access** - Establishes clear pedestrian routes and designated crossing points.
- **Hazard protection** - Helps restrict access to machinery and operational hazards.
- **Site flexibility** - Fencing, barriers and gates can be selected to suit different work environments.
- **Integrated safety** - Complements Ezetech's existing traffic awareness and separation solutions.

Applications

EBARRIER can be used across warehouse and distribution centres, manufacturing facilities and other industrial workplaces where pedestrians and operating equipment share space.

- Pedestrian walkways alongside forklift traffic.
- Machinery and production-area exclusion zones.
- Controlled pedestrian entry and crossing points.
- Suitable fencing around elevated or mezzanine work areas.

Why Ezetech?

20+ Years of safety technology experience.

Ezetech Solutions an Australian authorised dealer and integrator of speciality safety technologies sourced from around the world.

Our service is practical and mobile. We consult, supply, assist with commissioning and provide training, with on-site support available Australia wide, and shipping worldwide.

Industries

- Construction
- Warehousing/Distribution
- Manufacturing
- Logistics & Road Freight
- Mining & Quarries
- Utilities & Waste
- People Transport

Don't wait for an incident to happen
